“We knew we couldn’t make it illegal to be against the war, or black. but by getting the public to associate the hippies with marijuana and blacks with heroin and then **criminalizing both heavily**, we could **disrupt those communities**. We could **arrest their leaders**, **raid their homes**, **break up their meetings**, and **vilify them night after night** on the evening news. **Did we know we were lying about the drugs**. Of course we did.

Criminalization is a Political Strategy

What would it mean if Cannabis was fully decriminalized?

Meaning not a crime in any way

What would it mean if all drugs were decriminalized?

Would people do the drugs? Could people be safer?
